

Note to all Wild Christians at Amersham Free Church

Yes that's you

We know that you are out there growing herbs on your windowsill, stocking your bird feeder, planting wild flowers in your garden and not mowing your lawn. That's why you are a Wild Christian, acting boldly to protect and restore the natural world, as even the smallest actions can give nature a home.

Windowsill Plants

The Manse Lawn (the unmown bit!)

We would like to put photos of what you are doing to care for God's Earth on the church website, so please send your nature photos to Janet Reid. Anyone looking at the website will then see that we are playing our part in caring for the environment, as God intended. It will also encourage others to do the same, even if it means that our windowsills, balconies, gardens and green spaces look a bit untidy or a little on the wild side.
